User Agreement for Bring Your Own Device (BYOT)

The BYOT program has been developed to allow the College to pursue digital normalisation in education in the most efficient and cost-effective manner for parents/guardians and the College. BYOT involves personal ownership, allowing for greater engagement and efficient learning.

With the privilege of using a device at the College comes the responsibility to use the technology in a manner that is in keeping with the core College values.

The associated policies referred to below can be found at

<https://www.macquariecollege.nsw.edu.au/bring-your-own-technology-byot/> or requested via the Macquarie College Administration Office.

Please email the signed form to BYOT@mc.nsw.edu.au with the students name as the subject.

I understand that the following terms and conditions govern bringing my own device to the College:

1. Acceptable Use of ICT Facilities

This BYOT User Agreement is aligned to and works in conjunction with the Acceptable Use of ICT facilities policy and its associated guidelines and does not replace those documents in any way. By signing this agreement, the user also agrees to the terms of this policy.

2. Personal Electronic Devices Acceptable Use Policy

This Agreement is also aligned to and works in conjunction with the Personal Electronic Devices Acceptable Use Policy. By signing this agreement, the user also agrees to the terms of this policy.

3. Network and internet access

Content accessed through the College network will be subject to monitoring and filtering. The College reserves the right to block student access to the network.

4. Hotspot and Mobile Data Capabilities

Students are not permitted to use hotspot or Mobile Data capabilities to circumvent the College network.

5. Recharging

Devices should be brought to the College fully charged every day as the College has limited facilities for recharging.

6. Technical support

As the device is neither owned nor managed by the College, the College is not responsible to offer any technical support.

7. Insurance and liability

Parents are strongly advised to insure their child's device for loss or damage. The College accepts no responsibility for the loss or damage of the device.

8. Responsible use

Any use of a device deemed inappropriate by the College may result in the withdrawal of BYOT privileges and any other appropriate disciplinary action deemed appropriate by the College. Refer to the Personal Electronic Devices and Personal Learning Devices Acceptable Use Policy for clarification.

This agreement is subject to review.
